HURLEY'S
SARSAPARILLA.

THIS INVALUABLE COMPOUND, so fully appreciated by the American people, is gaining wide celebrity, and has become permanently established the best and most effective medicine of the day. Certificates are daily pouring in from all parts of the States, and the afflicted now rejoice there is help when every other remedy proves ineffectual. Diseases which for years proved a source of misery and agonizing torture, readily yield beneath its irresistible influence and countless families rendered happy and cheerful by its extraordinary efficacy. If you want the pure and genuine Sarsaparilla, that which is as different and superior to Bull's, Blackwell's, Townsend's, Sunde's, Guyton's, Cox's or any other compound as one thing is capable of being to another, then take Hurley's, for out of thousands of cases witnessed through Alabama, Mississippi, Wisconsin, Indiana, Missouri, and Kentucky, it has never in a single instance been known to fail, and will cure beyond all doubt.

Dyspepsia or Indigestion, Scrofula or King's Evil, Affections of the Bones, Syphilis, Debility, Habitual Constipation, Erysipelas, Pulmonary Diseases, Liver Complaint, Piles, Female Irregularities, Fistula, Skin Diseases, Diseased Kidneys, and as a great and powerful Tonic, purifying the Blood, and invigorating the entire System.

Unlike other compounds which, when first introduced, are said to possess medicinal qualities, but soon degenerate into injurious trash, this highly concentrated fluid Extract, is prepared with the greatest accuracy and chemical knowledge, entirely of vegetable substances, and warranted never to deplete in strength. The powerful medicinal properties and pure ingredients, together with the important fact that it is the only preparation in America containing Honduras or Para root, establish beyond all doubt that it is the surest remedy. Its extensive popularity and wide spreading fame, could not be overestimated, and it is sold by its agency, having gained both public confidence and professional reliance. Therefore, hereafter let it be understood, for the profits are so numerous and overwhelming to be questioned, that HURLEY'S SARSAPARILLA is the most valuable and wonderful medicine ever offered to the world.

Manufactured at Hurley's corner Seventh and Great streets, Louisville, Ky.
For sale by druggists in this city and all through civilized States.
PRICE 50 CENTS PER BOTTLE OF 6 BOTTLES FOR \$2.50.

LOUISVILLE, April 5, 1855.
Hurley's Sarsaparilla is what it is represented, and I believe it the most powerful medicine before the public. Nothing under heaven could induce me to say so without proof of the strongest and surest kind; therefore I speak willingly and positively on the subject.

My daughter has been afflicted with skin diseases and stiffness of the joints for several years. I consulted the principal physicians of this city, and they could not cure her. I gave her your Sarsaparilla, not expecting it would do much good, but to my great astonishment, she rapidly got well, and, thank God, continues so. Had she been taking any other medicine, I would not give this certificate, but your Sarsaparilla, the only remedy employed, leaves no doubt of its medicinal qualities, and that it alone cured her. Signed,

ROBERT B. ABLETT, M.
Dr. THOS. A. HURLEY—Sir: From a knowledge of your Sarsaparilla, and from conviction that it is the best article manufactured, I cordially recommend your name. DOCTOR REASON.

LOUISVILLE, Jan. 6, 1855.
Dr. HURLEY—Sir: My wife has been afflicted with indigestion for ten years, and could never get cured. Four bottles of your Sarsaparilla have removed her complaint. WM. ELDRIDGE.

LOUISVILLE, March 19, 1855.
Having been engaged in the drug business for several years, I do not hesitate to pronounce Hurley's Sarsaparilla the best preparation now in use.

GEORGE MULLIKIN
OSWEGO, Ind., Nov. 24, 1853.
Dr. HURLEY—Sir: Your Sarsaparilla certainly deserves to supersede all other preparations of that medicine. Henceforth, the most effective medicine obtained from the use of Sarsaparilla, derived upon a want of skill in making proper selections from the different qualities found in our markets, and that which has been vendible in the form of nostrums has consequently been removed by the honest, competent and mercenary ones, which if certain any Sarsaparilla at all was a very cheap and worthless article, and in the majority of instances, the sufferer in a much worse condition than before taking it. Having tested your Sarsaparilla, I am pleased to say that it is free from the imperfections alluded to, and I therefore take pleasure in recommending it to the confidence of the profession and to the afflicted public, and feel perfectly satisfied they will realize everything from it that is to be derived from the use of Sarsaparilla.

Helmhold's Genuine Preparations.

HELMHOLD'S HIGHLY CONCENTRATED

Compound Fluid Extract

BUCHU,

For diseases of the Bladder and Kidneys, Secret

diseases; Stricture, Weakness, and all diseases of

the Sexual Organs, whether in Male or Female,

from whatever cause they may have originated

and no matter of how long standing.

If you have contracted the terrible disease which

when once seated in the system, will surely go

down from one generation to another, undermining

the constitution and sapping the very vital fluids of

life, do not trust yourself in the hands of Quacks,

who start up every day in a city like this, and fill

the system with glaring falsehood, too well calcu-

lated to deceive the young and those not acquainted

with their tricks. You cannot be too careful in the

selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced

by eminent physicians the greatest remedy ever

known. It is a medicine perfectly pleasant in its

taste, and very innocent in its action, and yet so

thorough that it annihilates every particle of the

rank and poisonous virus of this dreadful disease

and, unlike other remedies, does not dry up the

secretions of the blood.

Constitutional Debility, brought on by self-abuse,

a most terrible disease, which has brought

thousands of the human race to untimely graves,

blighting the brilliant hopes of parents, and

blighting in the bud the glorious promise of many

a noble youth, can be cured by this infallible Remedy.

And as a medicine which must benefit every-

body, from the simple delicate to the confirmed in-

valid, no equal to be found acting both as a Cure

and preventive.

June 7, 1855-15-by.

HELMHOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT

SARSAPARILLA,

For Purifying the Blood, removing all diseases aris-

ing from excess of Mercury, exposure and im-

moderation in life, chronic constitutional diseases, arising

from an impure state of the Blood, and the only

reliable and effectual known remedy for the cure of

Scurvy, Salt Rheum, Scald Head, Ulcerations of

the Throat and Lips, Pains and Swellings of

the Bones, Eruptions of the Face, and all

Scaly Eruptions of the Skin.

This article is now prescribed by some of the

most distinguished physicians in the country, and

has proved more efficient in practice than any pre-

paration of Sarsaparilla yet offered to the public.

Several cases of secondary Syphilis, Mercurial and

Scrofulous diseases have entirely recovered in the

incurable wards of our Public Institutions which

had for many years resisted every mode of treat-

ment that could be devised. These cases furnish

striking examples of the salutary effects of this

medicine in arresting some of the most inveterate

diseases, after the glands were destroyed, and the

bones already affected.

Secretions—Letters from responsible Physicians

and Professors of several Medical Colleges, and

certificates of cures from patients will be found

accompanying both Preparations.

Packages, Fluid Extract of Buchu, \$1 per bottle, or 6

bottles for \$5.

"Sarsaparilla," \$1 per bottle, or 6

THE DISTINGUISHING GENIUS OF THE AGE.

Nature, now and then, brings forth such geniuses as Newton, Shakespeare, Talleyrand, Milton, Napoleon, Washington, Franklin, Jefferson, Luther, Cromwell and Jackson. Their powerful intellects compelled the world to admire them.

The genius of the present age is, Discovery. In the progress of the arts and sciences, this age is immeasurably superior to any former one. The present century stands pre-eminent for its wonderful discoveries in the sciences and arts. Among these, the noble science of Medicine has made great progress. Professor HOLLWAY has discovered and prepared a remedy for the diseases of man in whatever clime destiny may have given him birth. We have in a former article, introduced to our readers this distinguished physician, whose reputation is already a guarantee for the world's history. As a physician, he has copied Nature, and among physicians he stands the acknowledged Emperor. Both in the sale of his medicines, and in the number of patients that have taken them, he is unrivalled. Professor HOLLWAY has labored to supply the human family with a permanent remedy for their diseases, to which the afflicted may have recourse with a moral certainty that they will be cured. There is no disease to which they will not afford relief. His Pills and Ointment, prepared from selections from the vegetable kingdom, with great care, will drive disease out of the system. Thousands of the most intelligent minds of all nations, men distinguished in every sphere of life—the statesman, philanthropist, conqueror, and those whose highest aim is to do good to their fellow men, unite in their praises of the remedies discovered by Professor HOLLWAY for the removal of disease.

In uniting in this general recommendation of the remarkable virtues of HOLLWAY'S remedies, we only perform a Christian duty, which the press should never neglect. Those who are eminent for the good they do in the world, have a just claim upon the press for aid in extending the good to the extent of their power. Therefore, we have determined to express our opinion that HOLLWAY'S PILLS and OINTMENT are adapted to the removal of disease, and have restored millions of the sick to health. —*New York Atlas*.

Dr. Hurley's Sarsaparilla has performed some miraculous cures, and is now considered a sovereign remedy in Phtisis, Asthma, Bronchitis and all affections of the organs of respiration. It is moreover a sure cure for rheumatism and dyspepsia, and not unfrequently prescribed by the regular practitioner for those ailments, to the entire exclusion of Cherry Pectoral, or any expectorant now in use. The field of its usefulness is not alone confined to this city, for we repeatedly see cures chronicled in Illinois, Iowa, Wisconsin, Michigan and many other States, by the timely use of this specific. And some idea of the magnitude of Dr. Hurley's business may be gleaned from the fact that his last order to Mr. Douglas, Kentucky Glass Works for "Sarsaparilla" bottles amounted to the immense number of five hundred gross. We speak thus warmly in reference to this compound, and shall always feel pleasantly happy in advising the afflicted community, "so far as comes within our knowledge" of not only the most popular, but likewise the best medicine extant, and when we say "palman qui me-rat ferat," we only do justice to our enterprising citizen, Dr. Hurley and his medicine. —*Sold here by T. S. Baile & Co.*

WASHINGTON, Dec. 12, 1855. —SENATE. —Cass moved that the Senate proceed to the election of standing committees—agreed to. He remarked that it has been usual to dispense with the election by ballot, as required by the rules, and expressed the hope to expedite business, that the same course be now pursued.

He objected to the Senate proceeding to ballot for Committee of Foreign Relations, which resulted in the election of Messrs. Douglas, Sill, Clayton, Weller and Fish.

GEORGETOWN COLLEGE.—The citizens of Scott county, Ky., lately held a public meeting, for the purpose of devising a plan for the endowment of the Baptist College located in Georgetown. Addresses were delivered by Dr. Campbell, the President of the College, Hon. J. F. Robinson, D. Howard Smith, and others. Dr. Campbell proposed to enter upon an agency to raise one hundred thousand dollars, provided Scott county would subscribe one-fourth of it, on the condition that the whole be subscribed. We were surprised to learn that the College, at the end of twenty years of its existence, is almost entirely destitute of an endowment.

The seventy-eight thousand Baptists of Kentucky have the ability to endow half a dozen such institutions, if they had the heart to do it. It will be a lasting disgrace if they suffer such an institution to die for the want of money. The Presbyterians, which do not number over ten thousand, have endowed Centre College, and are the richer for having done it. —*Pres. Herald*.

We learn from a gentleman living a few miles from the city, that a few nights since, a man having in charge a drove of hogs stayed over night at his house, and in payment of his bill in the morning gave him a \$3 bill on the Farmers' Bank of Kentucky. He was informed by those assisting the drover that these bills had been used for payment during the whole trip. As the Farmers' Bank has never issued any bills of this denomination, persons would do well to keep a look out for them. —*Common*.

Death of "Yusef." —The many thousands who have read that delightful and brilliant episode of Eastern travel by J. Ross Browne, will remember with pleasure the hero of the Kentuckian's crusade in the East, Yusef Simons Badaa. They will recall with the utmost satisfaction the many adventures and hair breadth escapes through which he passed; the hundreds of Bedouins that had fallen victims to his love of blood; the countless wild beasts of prey that he had slain; the scores of his enemies that every town in Palestine revealed; and other remarkable fragments of his fruitful oriental fancy. A greater hero in his own estimation never lived. And yet, despite his inclination to run riot with truth for the purpose of exalting his own prodigious consequence, there was a vein of rollicking humor, a free-hearted spirit of enterprise in him, that causes the reader of Mr. Browne's book to remember "Yusef" with feelings of the kindest regard.

But Yusef was not the wild, wicked, unscrupulous Moslem that some might imagine from a perusal of the record of his adventures. He was quite a gentleman in manners, cultivation and clothes, as we found from a personal acquaintance during his recent residence in this country. He came to America some two years ago, in company with Keno Richards, Esq., of Scott county, in this State. Mr. Richards met him in the Holy Land, and he having letters of recommendation from Ross Browne, employed him to select some Arab horses and bring them to our country. This he did, and since then has been residing with Mr. Richards.

A few months since Mr. Richards and Yusef sailed from New York for the Mediterranean, designing to enter into the service of the expedition sent out by the Government to purchase camels. They reached Beyrout in Syria, where the parents of Yusef reside, in October. The town was in great commotion as soon as his arrival home was announced, and preparations were made for a great feast in his honor. That night the feast was had and merriment prevailed. But before morning poor Yusef was dead. He suffered from an attack of colic, and passed away from earth in less than twenty-four hours after he had reset his feet on the land of his ancestors.

Mr. Keene Richards immediately gave up the enterprise, visited Constantinople and Sevastopol, and then returned home. He was in this city on Saturday afternoon, en route for the Southern Plurition.

It is said that the charts of the late Arctic Expedition show a much larger range of discovery than had been anticipated from the preliminary report.

A MARVELOUS REMEDY! FOR A MARVELOUS AGE!

HOLLWAY'S OINTMENT.

THE GRAND EXTERNAL REMEDY.

BY the aid of a microscope, we see millions of little openings, or pores, on the surface of the skin, which are the outlets of the blood, and are carried to any organ or toward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthma, Coughs and Colds are by its use speedily cured. Every individual who has used it, passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any humor or fleshy part, of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, SALT RHEUM, AND SCORBUTIC HUMORS.

No remedy has ever done so much for the cure of diseases of the Skin whatever form they may assume as this Ointment. No case of Salt Rheum, Scoury, Sore Heads, Scrofula or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS AND ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor HOLLWAY has by contract of the Allied Governments, dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions, Lambago, Sore Legs, Burns, Mercurial Eruptions, Sore Breasts, Chapped Hands, Sore Heads, Sore Throats, Chilblains, Piles, Sore Throats, Fistulas, Rheumatism, Sore Throats, Gout, Rheumatism, Sore Throats, Skin Diseases, Scalds, Swelled Glands, Stiff Joints, Ulcers, Venereal Sores, Wounds of all kinds.

*Sold at the Manufactories of Professor HOLLWAY, 1514 Fourth St., New York, and 44 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cents, 50 cents, and \$1 each.

There is a considerable saving by taking the large size. B. B. Directions the guidance of patients in every disorder are affixed to each pot. No. 42, 1855-42-15. W. F. COBBURN.

To Business Men. Persons seeking employment of any kind;

Persons having houses to rent or sell;

Persons wanting to hire laborers of any kind;

Persons wanting to borrow or lend money;

Persons wanting board or boarders;

Persons wanting to buy or sell land;

Mechanics and others wanting hands;

Merchants having goods to sell;

Clothiers who have the latest styles;

And articles lost or found, strayed or stolen, and a thousand other things and wants which are daily felt, can be speedily supplied by the trifling expense of an advertisement in the Herald.

In consequence of various circumstances aside from the boys wishing holiday, we have concluded to publish no paper during the Christmas week. We, however, shall be at our post all the time, to receive our just dues from those clever patrons of ours (of whom we have a host) who believe in the principle of "live and let live" and also from those who do not believe in any such principle; if we may judge from their *Mulish* propensities to hold back—our just dues!

Cotillon Party. That affair of the season takes place tonight, as we learn, at the Georgetown Hotel. The lads and lassies, of this and the adjoining counties, we doubt not, will enjoy a good time, as every preparation will be made by our friend CLINT. WEST, and his estimable lady, for the accommodation and amusement of the numerous guests expected to be in attendance on the occasion. We rather reckon, as a Yankee would say, that this will be some Ball, especially as our esteemed friend JOHN A. WILSON has got home from Chicago—where he has been studying 'some of the tricks of the trade'!

Our friend SMITH, of Lexington, formerly of Georgetown—a very clever fellow, by-the-by, is, as we understand from *Alex. Rankins*, in the daily receipt of fresh Chesapeake Bay Oysters—than which we do not know of a greater luxury. He sells them by the can or half can at the lowest living rate, and if you want any quantity from a can up to a dozen of them, just hand an order to our friend Alce., with the necessary dimes, and be sure that you will have the Oysters faithfully delivered the same day in time for an Oyster supper.

The oyster establishment of A. S. SMITH, Agent, is on Mulberry street between Main and Short, Lexington, Ky. our friend KRAUS is in the daily receipt of these fine fat oysters, which he serves up in first rate style, to cash customers, morning, noon and night.

HENRY WOLFE has just returned from Cincinnati, where he supplied himself with an unusually large stock of Christmas fixens, in the shape of fruits, preserves, toys, &c. &c. As he bought for cash only, he is enabled to sell as cheap if not cheaper than any house of the kind in town. Of cakes and confectionary he keeps a constant supply of his own manufacture; to which he has some extensive additions in the way of foreign fashionable manufactured confectionary. These who wish to procure sweet luxuries for the approaching holiday Season would do well to give him an early call.

SAM. KEENE who took "the skeats," and went down to Louisville last week, has got back by the same *Copaynace*, loaded to the guards, Young America-like, with suitable luxuries and substantial for the Season; his stock, greatly increased by his late importation, is extensive and superior, and will be sold cheap for cash or on very reasonable rates upon short time, for both he and "Uncle Greenup" although the latter pleads guilty to a little prudent "old fogysim!" are united in the belief that a nimble sixpence is better than a slow shilling! They are agreed in this opinion; and also in another that they entertain and practice upon their essential benefit, to-wit: "advertising is to trade that which steam is to machinery; the motive power!"

Mr. Parker H. French, it is reasonable to suppose, will not be received here as the accredited Minister of that government.

KRAUS is in the daily receipt of superior Baltimore Oysters, which he serves up upon reasonable terms, in such a way as to suit the most fastidious appetite.

Daring Burglary.

On last Friday night the store of Mr. Edward Applegate was entered for the third time, and some fifty or sixty dollars worth of property taken therefrom; fortunately the money had been removed upon closing the store for the night.

The door by which an entrance was effected by these daring rogues was locked and doubly bolted, but by the aid of a crow bar or some similar instrument, both locks and bolts were forced and an entry effected. The presumption is that this robbery was effected by negroes.

Would it not be as well to establish a volunteer patrol, composed of responsible citizens (not Black Indians) to take turns, at least during the holiday season, in guarding the premises of our citizens from the depredations of roving bands of thieving negroes, with which our town, of late, has seemed to be infested?

Lovers of the weed will find some of the best in the shape of tobacco and cigars at the Bar of the Georgetown Hotel—the cigars cheap at first in view of their flavor and quality. The tobacco is as mild as a milk maid and as sweet and as fragrant as the nectar imbibed from the tu-lips of amorosus "sweet sixteen!"

"Taste 'em and try 'em!" No like 'em, no buy 'em!"

There are other good things to be found at the same bar, which our known abstemious habits and opposition to "spiritual rappings!" forbids us to enlarge upon.

"Oh no we never mention it; Its name is never heard; Our lips are now forbid" to sip From aught save an old gourd!"

We have just received from the publishers, MASON & BROTHERS New York, a copy of FANNY FERN'S new book, *Rose Clark*. It is said by some who have read it to be much superior to Ruth Hall.—While it is Fanny Fern all over it has more power, more sympathy, more life, more spirit, more touching beauty, than any of her works. It shows her genius more brilliantly than ever. It is having a rush, and is bound to be the most generally read of any book issued during the year 1855.

Newspaper Record.

We would direct the attention of our readers, curious in newspaper history to an advertisement in another column of the "Newspaper Record," a collection of newspaper facts and statistics, containing a complete list of newspapers in the United States, Canada and Great Britain.

This will be an invaluable work, not only to editors, publishers and advertisers; but also a work of interest and value to the general reader. It will be published by Messrs. LAT & BROTHER, Philadelphia; for particulars as to terms, &c. see their advertisement.

POOR RICHARD for 1856—being an Almanac for the whole United States, and containing Twenty Engravings illustrating the maxims and sayings of Poor Richard, (Dr. Franklin),—is a very pretty and neatly printed little book of pictures just issued from the Brother Jonathan Office, New York. Mr. B. H. DAY, the publisher, offers to give it away to anybody who asks for a copy. Send a 3 cent stamp to Mr. Day to pre-pay postage, and you will get a copy by return of mail.

THE GREAT HOLIDAY PICTORIAL PAPER.—BROTHER JONATHAN for Christmas, and New Years 1856, has come. It is a tremendously large and elegantly printed paper, containing over one hundred pictures—many of them funny enough to make the most morose individual laugh out loud. Among the subjects illustrated are Mr. Toole's Elephant Hunt, (30 engravings,) Mr. Spoonbill's Skating Adventures, (17 engravings,) Mr. Cheeks's fight with Major Muggins, &c. It has likewise a series of very large and beautiful Engravings of Incidents of the Eastern War, and four very spirited Temperance Pictures. The Bear in Luck, and Out of Luck—Mr. Trunk, the Elephant, "Charge—Lady Chaffinch's Ball"—Christmas Plays, and many other scenes, are given in a life-like manner. If you want a single copy, send 12 cents in stamps, to B. H. DAY, 43 Beekman street, New York, or you can get ten for one dollar. Cheap enough!

Mr. Parker H. French, it is reasonable to suppose, will not be received here as the accredited Minister of that government.

KRAUS is in the daily receipt of superior Baltimore Oysters, which he serves up upon reasonable terms, in such a way as to suit the most fastidious appetite.

The National Party.

Patriotically and bravely have the Democratic members of the present 34th Congress exhibited the fact that their constituents, North and South, constitute the National party of the country; with consistency and unanimity, for which they merit all honor, they have, down to the sixty-fourth ballot, withstood all Know-Nothingism and Abolitionism, by voting, first, last and all the time, for that sterling Nebraska Democrat, Richardson, of Illinois. The result of their patriotic and national action, will, as the Hon. Humphrey Marshall, the great gun of Know-Nothingism in Kentucky, says, "result in the election of a Democratic President," an event which is more than likely to number that honorable gentleman, with his Know-Nothing constituents, "with the things that were."

If you doubt our position, listen to what is asserted by a Washington correspondent of the Louisville Times, who being on the spot, is likely to be well posted as to the political feeling existing there: "The opposition elements have a majority of sixty-four now in the House, and with a margin as broad as this, it is no part of the policy or duty of the Democrats to help them to a bare majority for the Speaker. The Democratic alternative is simple and just—if you can't elect a candidate among yourselves, gentlemen of the fusion stripes, we have no objection to your coming over to Richardson. He is our man, and you have perhaps discovered by this time that we are disposed to stand by him. Banks or no Banks, fusion or no fusion, Speaker or no Speaker. We are the minority, and we are not responsible for damages. You are the majority—this is your Congress; we turn it over to you. If you can do nothing with it, turn it over to us. This is the position of the Democratic minority, and their adhesion to Richardson is equivalent to the consolidation of the Democratic party throughout the country upon the exact merits of the Nebraska bill, with or without the Van Buren."

Gentlemen Know Nothings, you might as well give it up, and climb down. Capt. Scott is about, and you unfortunate "coons" have either to surrender or suffer from the consequence of his unerring rifle.

To speak more plainly, the Democratic representatives in the Halls of the House of Representatives, have proved to the satisfaction of every intelligent and patriotic man, that they represent the only National party now existing in these United States.

If you doubt us, look at the Corporal's guard of Know Nothings who supported Marshall, of bloody Louisville memory; and look, if you please, at the crowd (107) of Know Nothings and Abolitionists, who supported Campbell and who now support Banks!

Of whom, the editor of the Cincinnati Gazette, writing to his paper from Washington, says:—He knows Banks well, and that "he always had freeseel tendencies"—that "he is a member of the American party, but he opposed the reelection of Gov. Gardner, and took a prominent part in favor of the Republican cause."

Ah, these Know Nothings are nobly National, if we may take for granted what their organs assert; but upon our veracity, and we flatter ourselves as an old line Whig we are unprejudiced, their profession of Nationality reminds us of the theatre manager who advertised to perform the tragedy of Hamlet, with the part of Hamlet omitted!

That very clever gentleman and our esteemed friend Gibbons, of the Frankfort Yeoman was in town on Monday and Tuesday last; his object besides shaking hands with the sterling Democracy of old Scott, to obtain subscribers for the Daily Session Tri-Weekly and Weekly Yeoman. We trust that he met with the success that the political merits of that sterling Democratic Journal and his own courtesy and efficiency as a canvasser would seem to demand.

Terms:—Of the Daily Yeoman during the session, \$1.50; Tri-Weekly, \$1; Weekly, 50 cents. Five copies of Tri-Weekly for the session for \$4.00; 10 copies of Weekly for same time, \$4.00. Subscriptions received at this office.

We learn from a friend who was present, that Solomon Smith, convicted in the Bourbon Circuit Court of the murder of his father, was hung at Paris, on Friday last.

He met his fate calmly and without emotion, and died with scarcely a struggle. When asked if he had anything to say, he remarked that his sister had testified to the truth upon his trial, but that Mr. had not, but he forgave him. He further said that he had made peace with his God and all the world. He rained continually. Smith was a young man, about twenty-four years old, and a drinking character.

College Meeting.

On Monday, being County Court day, a public meeting was held at the Court House, according to previous appointment. Harvey C. Graves, Esq., in the chair. Dr. Campbell upon motion stated in full the object of the meeting. He laid the pecuniary condition of the College open, gave an outline of his plan, and then gave way for L. B. Dickerson, Esq., who in an able, forcible and convincing speech demonstrated to the audience the importance of the College to our town and county. Peculiarly, educationally and socially it was shown to be the life and glory of our county. He said "the question before us was not, whether the College would live and prosper, but whether it would remain as our ornament and highest interest!" He maintained not that it had now acquired too high a character to be permitted to die; but that our indifference and inaction might, owing to its very fame and importance, occasion its loss to us. The question with us was whether we will permit it to have us? and thus see our property decline to half its present value, and have our streets overgrown with weeds, and have our youth deprived of their present superior advantages of education? The speaker referred to the fact that our citizens were never less taxed than now; and that at the same time they never were more prosperous. He urged that this was the time when the call made upon them could be met without their feeling it. He urged them to come up with their subscriptions according to their ability. "It will be our disgrace, our privation, and our pecuniary ruin," said he, "if we do not." The remarks of Mr. Dickerson were listened to with profound attention.

J. F. Robinson, Esq., followed in one of his best efforts. He said the gentleman who had preceded him had left him but little to say, tho' the interest he had had taken in the College for over 20 years would induce him to say a few things. He gave an interesting and clear account of the original location of the College in Georgetown. He was one of the delegates sent from this county to the Convention held at Versailles to procure its location at Georgetown. He then dwelt on the income and expenditures from its origin to the present time, and showed that no other institution in the land, of equal importance and character, has been brought to its present position and standing with so little expenditure. He demonstrated that Scott had received a hundred fold for all she had ever done. He dwelt upon the plan of Dr. Campbell, showing the great, cheap and permanent advantages it held out to this town and county. He made some eloquent and stirring remarks on the duty of patriots to sustain and encourage such an institution as this where-over it may be found.

Rev. Evan Stevenson then took the floor, and in his own fervent and happy style addressed the meeting. He said he was a Methodist from the top of the head to the sole of the foot; but he was also a Georgetown College man. He had long known its operations. He was satisfied that it was a great good to this community. It would be a great ruin to let it go either down or away. He said we were abundantly able to meet the call made upon us, and we must do it. He assured his audience that if Dr. Campbell should get hold of them they had as well given in at once. There would be no possible escape. The speaker sat down amid expressions of approbation.

D. H. Smith, was called upon; but owing to the lateness of the hour he declined, promising to reserve what he had to say for another occasion. The meeting adjourned to the call of the chair.

We have only to say to our readers, come up to this noble cause. Many of our townsmen are going in to it liberally. We hope no one will be so wanting in public spirit and liberality, as to stand by in a case like this and see his neighbors subscribing as much for his good as their own, and withhold his proportion. No man has right views of his duties as a citizen, who will not unite in a matter like this and do his part. To withhold in this movement will stamp any one with intolerable selfishness and stinginess.

A bill has been introduced into the Tennessee Legislature, to compel all free persons of color in the State to emigrate to Liberia or elsewhere beyond the limits of the State.

It is now a settled matter that the first church erected in Kansas will be under the auspices of the Unitarians. The sum of \$5,000 has been raised in the denomination for the purpose.

We learn from the last Georgetown Journal that another change has taken place in the editorial department as well as in the proprietorship of that paper; Mr. Purce having sold out, stock, lock and barrel, to a Mr. Foster, of Louisville. Next to winning a battle is a graceful and profitable retreat therefrom; our young friend Purce having effected that retreat with more worldly wisdom and grace than we ever gave him credit for, increases our respect for him as a *Know Nothing* editor; therefore, we cordially congratulate him upon thus prudently escaping from the ruins of a falling party—and trust that guided by salutary experience, he will "go (to Texas) and sin no more!"

Democratic Meeting.

In accordance with a previous notice an assembly of the citizens of Scott Co., was held in the Court House, on Monday, the 17th inst., County Court day. The meeting was thus organized. On motion of R. P. Snell, Col. Remus Payne was called to the chair, and Col. W. P. Duval appointed Secretary.

A series of Resolutions were immediately presented and read by Dr. T. C. Gibney, and unanimously adopted by the meeting. The Resolutions are as follows:

1st Resolved. That in the opinion of this meeting the Democratic Party of the Country is the only party essentially, and completely national in its character, embodying as it does in its Platforms every leading and important principle of the declaration of Independence and maintaining as it has a waydone the cardinal and vital doctrine of the Constitution of 1787; under the happy operation of which the government has been conducted with unparalleled prosperity since the period of its adoption.

2d Resolved. That the system of policy in government, propounded, advocated, sustained and secured by the exertions of the Democratic party afford us an indisputable guarantee of the entire capability of that party to conduct with safety and dignity the great affairs of the nation.

3d Resolved. That the signal failure of the Whig Party proper to effect an organization during the pending of elections in the different States of the Union for a period of 2 or 3 years, or even to make an effort for the accomplishment of such a purpose is clear evidence of the utter inability of that party to do what it has hitherto professed, and a positive acknowledgment, that the Democratic party cannot be broken up, unless in the reconstruction of political parties, in their principles, platforms, measures and movements.

4th Resolved. That we adopt with pride, and adhere with undiminished confidence to the extensive, national and conservative platform of the American Democracy, presented to the county at the city of Baltimore in 1852, and reexpressed to the people of Kentucky in resolutions and an address by authority of the mass meeting of the Democracy of Ky., held in Lexington on the 5th day of October 1855 containing as that platform and those resolutions and address do prospectively intimate interwoven with the prosperity of our country and the perpetuity of our Republican institutions.

5th Resolved. That we cordially appropriate the present distinguished administration of the national government, and sincerely solicit the bold and vigorous co-operation of all substantial friends of the Republic, in maintaining the majesty of the laws the velocity of our national confederation and the undoubted permanency of our mighty Union.

6th Resolved. That the course of the Democratic members of Congress, in maintaining their national integrity by continuing to support a national Democrat for the office of Speaker of the House, meets with the cordial approbation of the Scott County Democracy, and we can say to them, "well done!" good and faithful servants.

7th Resolved. That the Georgetown Herald, Frankfort Yeoman, Kentucky Statesman, Paris Flag, Louisville Times and Democrat, deserve the thanks and encouragement of the Democracy of Kentucky, for the able and manly stand they have taken against Know Nothingism, Abolitionism, and all the other isms, which have threatened to overrun the Country, and have placed the rights of the South and the liberty of conscience in jeopardy;—and that we cheerfully recommend these papers to the support of the Democratic party.

8th Resolved. That the delegation from this county to the State Democratic Convention to be held in Frankfort, on the 8th day of January, 1856, consist of the entire Democratic party of the County together with all those who are willing and determined to employ all honorable means to defeat the so called Know Nothing or "American Party," insubstantial and wholly as it has shown itself to be its efforts to trample upon the rights of conscience, and its enmity against religious faith; and that said delegation be left free to act as propriety may dictate.

9th Resolved. That a copy of the resolutions and proceedings be handed to the editor of the Georgetown Herald for publication, and that other Democratic papers will please copy. On motion the meeting adjourned.

REMUS PAYNE, Chm.

W. P. DUVAL, Sec.

Within two weeks past we have had a chronicle the death of the two *Know Nothing* papers in Paducah, and again we called upon to note that of the *Cadiz* server and the *Bardstown American*. They all tell the same story—lack of patronage. The Louisville Journal has swallowed them all up.—[*Lou. Times*.]

To this list of "the dead" may also be added the *Hickman Times*—which we understand, is now breathing its last.

"And grieve what may above their sunless biers, No cloud shall gather in, no leaf shall fall, Nor gale breathe forth one sigh for thee, for all."

McCarthy, of the Bardstown (Ky.) Gazette, in speaking of the recent sale of the Paducah Journal, furnishes the following brief history of that office: "That 'Journal' office has seen not a few ups and downs in its time. When we went to Paducah, some six years ago, we purchased that office (or all there was of it) for about \$600. We took the concern in hand, built up a fine business, got a large circulation, made the property popular, and in about three years sold office and good will for \$3,000. Afterwards took it back at about the same price—conducted it as long as there was a Whig party to fight for—sold it to an old line Whig for \$2,100, who sold it to the *Know-Nothing*, who, in turn, made a failure of it—and now it has gone off at only \$700! This is the way with *Know-Nothingism*. It blights and kills of everything it touches—and country newspapers more particularly."

The man that bet 500 dollars, the other day, that Hon. Humphrey Marshall would not turn Democrat before the expiration of his present present Congressional term, will probably win the stakes, for the simple reason that the Democracy won't let him join them. Hear what the Lexington Statesman says:

We hope not.—The Louisville Courier says it is currently rumored in that city that Humphrey Marshall is about to leave the *Know Nothings* and join the Democrats. We have the greatest confidence in the ability of the Democratic party to carry weight and bear up under heavy afflictions. It has already had one Marshall in its ranks and it yet lives, a thing that can be said of no other party; let this cup pass from us. Our party now is pure and vigorous. All the old party hacks and office beggars have left it to follow the ignis fatuus of *Know Nothingism*. Let them stay away; their absence is the best of country.

Treasury Estimates.

We find in the New York papers the subjoined official estimates of the Treasury Department, prepared for the use of Congress, and published in advance of its organization, in despite of the caution understood to have been observed this year in reference to public documents. It will be seen that the expenditures for the fiscal year ending on the 30th of June, 1857, are expected to be within a trifle of seventy millions of dollars.

THE TREASURY DEPARTMENT, Nov. 17, 1855.

To the Hon. Speaker of the House of Representatives.

Sir: Agreeably to the joint resolution of Congress of the 7th January 1846, I have the honor to transmit, for the information of the House of Representatives, printed estimates of the appropriation proposed to be made for the fiscal year ending June 30, 1857, as follows viz:

Civil list, foreign intercourse and miscellaneous, including the expenses of collecting the revenue from sales of public lands, public buildings and expenses of courts. \$11,501,845 55

Totalling out the revenues of the Post Office Department. 2,250,000 00

Pensions. 1,458,247 07

Indian Department. 1,002,473 48

Army proper, including \$1,400,000 for miscellaneous objects. 12,128,242 57

Military Academy. 175,894 02

Militia, ordnance. 2,730,349 09

Naval establishment. 12,115,455 27

Steam establishment. 1,408,850 00

To the estimates are added certain estimates of the appropriations for the fiscal year ending June 30, 1857, made by former acts of Congress, of a permanent and indefinite character, as follows, viz:

Maclean's estimate including revenue from operations \$1,299,919 14

Compensation to the Post Office Department for mail services 700,000 00

Arms and equipment of the militia 200,000 00

Civilization of Indians 10,000 00

Interest on the public debt 2,330,000 00

do do 7,452,910 14

The preceding appropriations not required for the service of the present fiscal year, and which may be applied to the fiscal year of the year ending June 30, 1857, as follows, viz:

Civil list, foreign intercourse and miscellaneous. \$5,925,734 48

Interior Department (Pensions and Indian) 928,400 74

War Department. 6,121,000 00

Navy Department. 6,699,211 11

Total. \$44,442,492 81

There is also added to the estimates a statement of the several appropriations which may be carried to the surplus fund, amounting to \$2,279,333.

Acco appraising the estimates there are sundry papers furnished by the several departments, containing explanations in regard to them.

I am, very respectfully,
Your obedient servant,
JAMES GUTHRIE,
Secretary of the Treasury.

LOUISVILLE CATTLE MARKET.

Dec. 13, 1855.
Beef—The cattle market has been very dull, and prices a shade lower. Choice cuts of beef have been selling at \$3.50 to \$3.85 per 100 lbs gross, equal to 6 1/2 and 7 cent; fair to good \$3.00 to \$3.25 gross. Demand very light and supply fair. Packers are buying but low.
Sheep—But little doing; prices range from \$1.25 to \$2.00 per head, according to quality. Lots in good shipping order are selling at \$3 to \$3.25 per head. There are but few arriving and demand light.
Hogs—The market has been well supplied and prices have been a little lower. Sales at 50% to 55% gross, and butchers are unwilling to engage for future delivery at over 40.

CINCINNATI, Dec. 13, P. M.
Flour—Sales have been confined to 116 bbls at 78 1/2; 70 bbls at 7 1/2, and 1,000 bbls at 7 1/2. Fair demand at 7 1/2; holders asked more, but it was more difficult to find anything over 7 1/2 than to buy at that price. Grain—Sales 400 bush. Rye at 78c. This is an extreme price; not many buyers even at 78c. Wheat—Dull at 50c for prime Red. Hogs 50.00 to 55.00. Provisions—\$5.00 gross hams sold at 55c. Lard—No. 1, 10 1/2. Lard No. 1—98.

H. H. Rogers' Oriental and Pile's best Remedies for the Cure of Females Complaints.—The extraordinary effects these Pills have upon all complaints peculiarly incidental to females, would appear incredible to the citizens of the Union, if it were not confirmed daily by the wonderful cures they effect in the various States. It is an unquestionable fact, that there is not any remedy to equal them for terminating suffering from the softer sex, particularly for young girls entering into womanhood, therefore all are requested to give them a trial, which will insure their recommendation.

A learned writer, Dr. Dryden, says:—"Dryden, to ensure his medicine the use of people, saw a young lady and Mrs. Rank adopted the same plan. Great relief and cure. If we no sleep, induce dreaming. Baptista Porta for procuring quiet rest and pleasing dreams, said: 'Let a person after supper, in a quiet room, and that condition which is termed a walk or stroll, constitute a most fruitful source of visions. The immediate or direct influence of repetition, in totally altering the sensations and the disposition in waking moments, is a subject of great interest to the physician, and the brain, and the muscular faculties in sleep. People who are troubled with indigestion, may surely get relief from H. H. Rogers' Oriental Bitters. Sold exclusively in this country by Dr. C. M. Jackson, the Apothecary, Philadelphia, and by his agents. See advertisement, Dec. 13, 1855."

DR. C. M. JACKSON'S REMEDY FOR RHEUMATISM.—The Editor of the Richmond Republican of Dec. 24th, 1854, says that "Carter's Spanish Mixture is no quick medicine."

"They had a room in their press room who was afflicted with violent Rheumatism, who was confined to his bed, and who was unable to move. He had adopted the same plan. Great relief and cure. If we no sleep, induce dreaming. Baptista Porta for procuring quiet rest and pleasing dreams, said: 'Let a person after supper, in a quiet room, and that condition which is termed a walk or stroll, constitute a most fruitful source of visions. The immediate or direct influence of repetition, in totally altering the sensations and the disposition in waking moments, is a subject of great interest to the physician, and the brain, and the muscular faculties in sleep. People who are troubled with indigestion, may surely get relief from H. H. Rogers' Oriental Bitters. Sold exclusively in this country by Dr. C. M.
